

## DroneGuard™ Series DroneGuard CS 300, CS 400 and DroneGuard Kit

### Above & Beyond

Our DroneGuard series was designed by serious quadcopter pilots for serious quadcopter pilots. A patent-pending design and FormShell™ technology push the limits of flexibility and protection, so you can take your drone wherever you want.

The flexible cases are built with Lowepro's FormShell technology to offer organized protection that's really easy to transport (walk, hike, car, bike, travel).

The DroneGuard Kit is a patent-pending system of dividers that helps manage all of your gear and goes way beyond the "pick-and-pluck" systems of the competition.

Our unique and highly functional DroneGuard series gives you the perfect, out-of-the-box solutions. Happy flying!

## DroneGuard™ Series

### DroneGuard CS 300, CS 400 and DroneGuard Kit

- Our **FormShell technology safeguards your fragile gear** via a molded design. Lightweight, yet sturdy composite-shell construction delivers superior impact protection.
- **Get flexible organization for your quadcopter and drone gear** with DroneGuard cases that fit the depth and form factors of top-selling brands. Case designs are built with adjustable dividers and compartments, plus a panel of accessory straps to keep blades, props, mounts, cables and batteries neat and secure.
- **Super-easy carry.** Store your DroneGuard case in the trunk of a car for transport, or garage, closet or workshop for an organized storage option. When you want to take your kit to a great flying and landing location, use the removable backpack straps to hike without a hassle.

**Materials:** 600D polyester, tactical “fractal camo” in 600D polyester

# DroneGuard™ Series

## DroneGuard CS 300 and CS 400

FormShell™ construction offers superior protection for gear, without adding bulk or weight.

Lightly padded backpad includes removable backpad straps. Use for treks out to flying location, or detach and pack away for less bulk or long-distance travel.

Patent-pending DroneGuard system of organization with flexible dividers and compartments for all large and small accessories.

Easy to customize with removable dividers and compartments. Change your flight plan; change your set-up!

FormShell™
